#### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The students admitted in our college are coming from various economic sections and communities of the society. Most of the students are from backward categories i.e.SC, NT and OBC. The college is very much aware about their overall growth and social upliftment in the society.

Our college has a fair system for admission process. The students are admitted in our institution without considering caste, creed, and gender, and religion, social and economic status. After the completion of admission process regular classes commence as per the college time table.

The institution always girl students for enrolment in college in order to equip them with the higher education so that they can become empowered at themselves to face the future competition and to create their own entity.

After admissions college adopts a process to identify slow and advance learners among students. Advanced learners and slow learners are identified on as per their responses in the class room as well as the performance in the Unit test, internal examinations.

After knowing slow and advanced learners, the teachers prepare separate list of slow and advance learners and conduct extra lectures for weaker students. The teachers observe that whether the student are easily understanding the lesson. If they fail to understand the topic or teaching of a teacher, the same was having been explained again in a easy way. This is the informal way to complete the teaching-learning process and it is also convenient to both teacher and students.

Advanced learners are encouraged to ask their concern freely and frequently with the teachers, in a formal way. Students are encouraged to refer advanced textbooks, journals and for their

#### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The college practices a teaching methodology which focuses on imparting education through a student centric approach. This methodology helps to transform students from being relegated to the role of passive recipients to active and involved stake holders, apart from boosting their confidence and encouraging independence. Since students vary in their ability to comprehend and absorb it is not possible to address the needs and expectations of individual students and expect a uniform learning outcome from them all in a teacher centric class. The teacher facilitates learning by allowing each individual student to comprehend at their personal level.by ensuring their involvement in class activities so that they can absorb and grasp information at their own pace.

Courses of the college are defined highlighting course objectives, programme specific objectives and programme outcomes. This provides a comprehensive understanding to the student right at the beginning of the course as to what should be the primary focus. It also helps them in self-evaluating their performance at the conclusion of the course.

Teachers make classes as interactive as possible and encourage innovative thought and novel interpretations. Audio- Visual methodology, Google Classroomand Projects are some of the means utilize by the Departments to provide experiential and

#### participative learning.

Internal assessments are so planned so as to encourage students to work independently. Written Assignments are required to be submitted by students and these need to be done individually by researching on the given topic so as to enhance confidence, develop writing skills and hone style, apart from inculcating an interest in research activities. Seminars, which form the second component of internal assessment, help students present their assignments before the entire class helping them overcome stage fear and develop oratory prowess.

Discussions and debates on contemporary issues are encouraged so that students can reflect and analyse by eliciting responses to the subject under discussion. NSS Unitand DLLE have been set-up for the students to participate, integrate and learn.

Student representation in administration is an important initiative taken by the college. Representatives of students serve as members on committees like Internal Quality Assurance Cell, Grievance Cell in order to involve them in the decision making process and maintain transparency apart from inculcating a sense of responsibility in them.

#### 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

#### Best Practice 1

1. Title of the Practice: Door to Door Visit

The context that required the initiation of the practice:

After completing HSC students either they were going to Mumbai for jobs or sitting idle at home doing nothing. It was necessary to contact students and their parents and create awareness of higher education among them.

Hence it was required to organize door to door visit to motivate the students for higher education.

- 1. Objectives of the practice:
- 1. To create awareness of higher education among the students and parent.
- 2. To motivate the students for higher education
- 3. To increase the number of admissions.
- 1. The practice:

In this innovative practice the following was done:

One of the most important initiatives organized by the college is Door to door visit. In the beginning of the academic year, after HSC results all members of the staff organized door to door visit. Dividing two members in one group routes were fixed. Making direct communication with the students and parents, and understanding their problems finally they were persuaded for further college education.

 Obstacles faced if any and strategies adopted to overcome them:

The main obstacles in the way of running this practice were the geographical condition of the region, heavy rain and lack of transportation facilities. Providing more time to communicate with students and parents we overcome the obstacles.

1. Impact of the practice:

Maximum students admitted to the college.

1. Resources required:

This practice did not require any additional resources.

#### Best Practice 2

Title of the Practice: Energy Conservation

Goal

To reduce the consumption of energy without compromising on quality and set an example in the field of Energy Conservation, in accordance with the national objectives

#### Context

As detailed on the Bureau of Energy Efficiency (BEE), Ministry of Power, Government of India site, the efficient use of energy resources and their conservation assume tremendous significance in the context of curtailment of wasteful energy consumption and sustainable development. The UN Sustainable Development Goal no. 7, 'Affordable and clean energy' for all, envisages expansion of energy access. To expand access, it is important to enhance energy efficiency and to invest in renewable energy.

#### The Practice

The classrooms and auditorium are well ventilated and there is optimal utilization of natural light. 'Save Electricity' campaigns are conducted throughout the academic year. Students and teaching and non-teaching members have put up posters near the switchboards of classrooms urging users to switch off lights and fans on their way out. In classrooms and auditorium, lights and fans are switched on only in the occupied area. Students are urged to conserve every drop of water to conserving water, it is not necessary to switch on pumps frequently. The College community observes Save Energy Mission. The following practices have been adopted:

 Use of LED Lighting: In a concerted move, traditional lights which consume a greater amount of power have been substituted by LED's in the classrooms, library, auditorium and offices.

Evidence of Success

- The classrooms and hall are well ventilated so electric lights do not need to be switched on all the time.
- Dedicated work by the volunteers has ensured that students themselves switch off lights and fans when they move out of rooms, establishing a culture of energy conservation.

#### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Institutional Distinctiveness: Shri Mahohar Hari Khapane College of Arts and Commerce, Pachal is situated on the outskirts of the village Pachal in the very backward, remote and hilly area of the Ratnagiri district. Sahyadri Parisar Shikshan Prasarak Mandal was

established on 01/02/1994 to provide higher education to the students of the region. There were 17 high schools and7 junior colleges. Students of the poor and weaker sections of the society were remaining away from the college education. These students find it very difficult to go to district for higher education. To provide higher education to the students the Institution started Shri Manohar Hari Khapane College of Arts and Commerce, Pachal (previously known as Sahyadri College of Arts and Commerce, Pachal). The main objective of the college is to impart degree education to its students. Though the college was on grant-in-aid basis (Arts faculty) the problem of buildings and other infrastructure was not so easy. In developing the infrastructure, especially the required land of 15.5 acres, Shri Manohar Hari Khapane contributed a lion's share. The Sahyadri Parisar Shikshan Prasarak Mandal, Pachal started " Shri Manohar Hari Khapane College of Arts & Commerce" at village Raypatan, Taluka- Rajapur, Dist - Ratnagiri in June 1994 for the benefits of the students aspiring to undergo higher education in the villages encompassing the area of eastern part of Rajapur and Lanja talukas in Ratnagiri district and the adjoining area of Vaibhavwadi taluka in Sindhudurg district along with Shahuwadi taluka in Kolhapur district. Shri Mahohar Hari Khapane College of Arts and Commerce, Pachal selected as Best NSS Unit among the University of Mumbai. Prof. Vikas Shankar patil was selected as a "Best programme Officer? by University of Mumbai. Dr. Ashok Dnyandeo Patil got Certificate of Appreciation by Department of Lifelong Learning and Extention, University of Mumbai. Miss. Pradnya Shashikant Manjare and Yogesh Sanjay Manjare students of the college were participated in State Republic Day Parade. Every year health check up camp is organized for students in collaboration with Rural Hospital Raypatan and doctors of various specializations were invited for consultation. The college enthusiastically provides student oriented schemes for their upliftment and empowerment. "Free Bus Pass Scheme" was started for economically weak girl students. Reading festivals and book exhibitions are arranged under the initiative of the library. In the year 2018-19 under the Gold Card Scheme the facility of extra book has been given to students by Library. The College Library has done MoU with the Government Library Ratnagiri to improve the reading habits among staff & Students, strengthen the library collection and make available books to the stakeholders.
